Programme Overview

Builds upon foundation of VVP I

Targeted border villages along northern frontiers

Central Sector Scheme

100% Central funding

Approved for 5 years

FY 2024 – 2025 to 2028 – 2029

Financial Outlay

Rs.6839 crore

Emphasis on convergence

Existing Central Government Scheme

Commitment to Viksit Bharat@2047

Ensuring safe, secure, and self-sufficient land borders.

Background & rationale

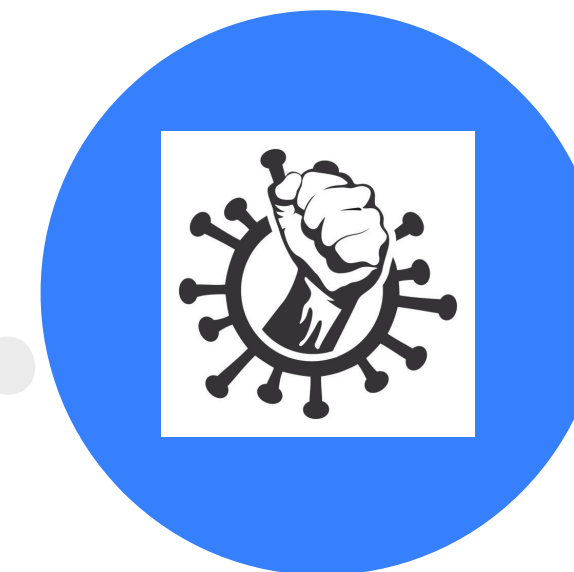

To develop border villages (excluding the northern frontier) for enhanced security, prosperity, and self-reliance, focusing on all-weather connectivity, telecom, TV, and electricity, while integrating populations as "eyes and ears" for Border Guarding Forces (BGFs) to counter crime and promote national assimilation

**Border villages face remoteness,
infrastructure gaps, and migration**

**VVP-I focused
primarily on northern
borders.**

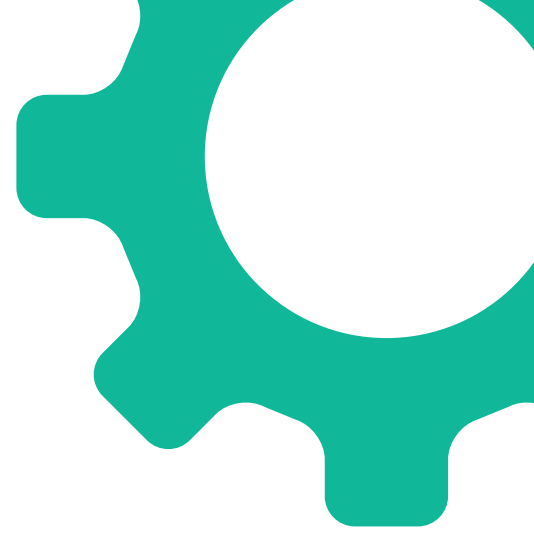

**Development as a key
enabler of national
security**

VVP - II

Strategic Objectives

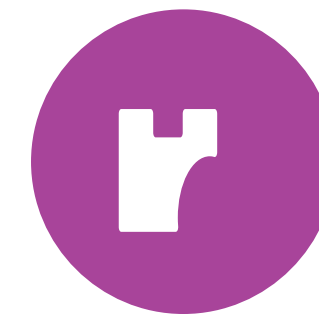

Improve quality of life of border populations

Promote sustainable livelihood opportunities

Strengthen internal security through community participation

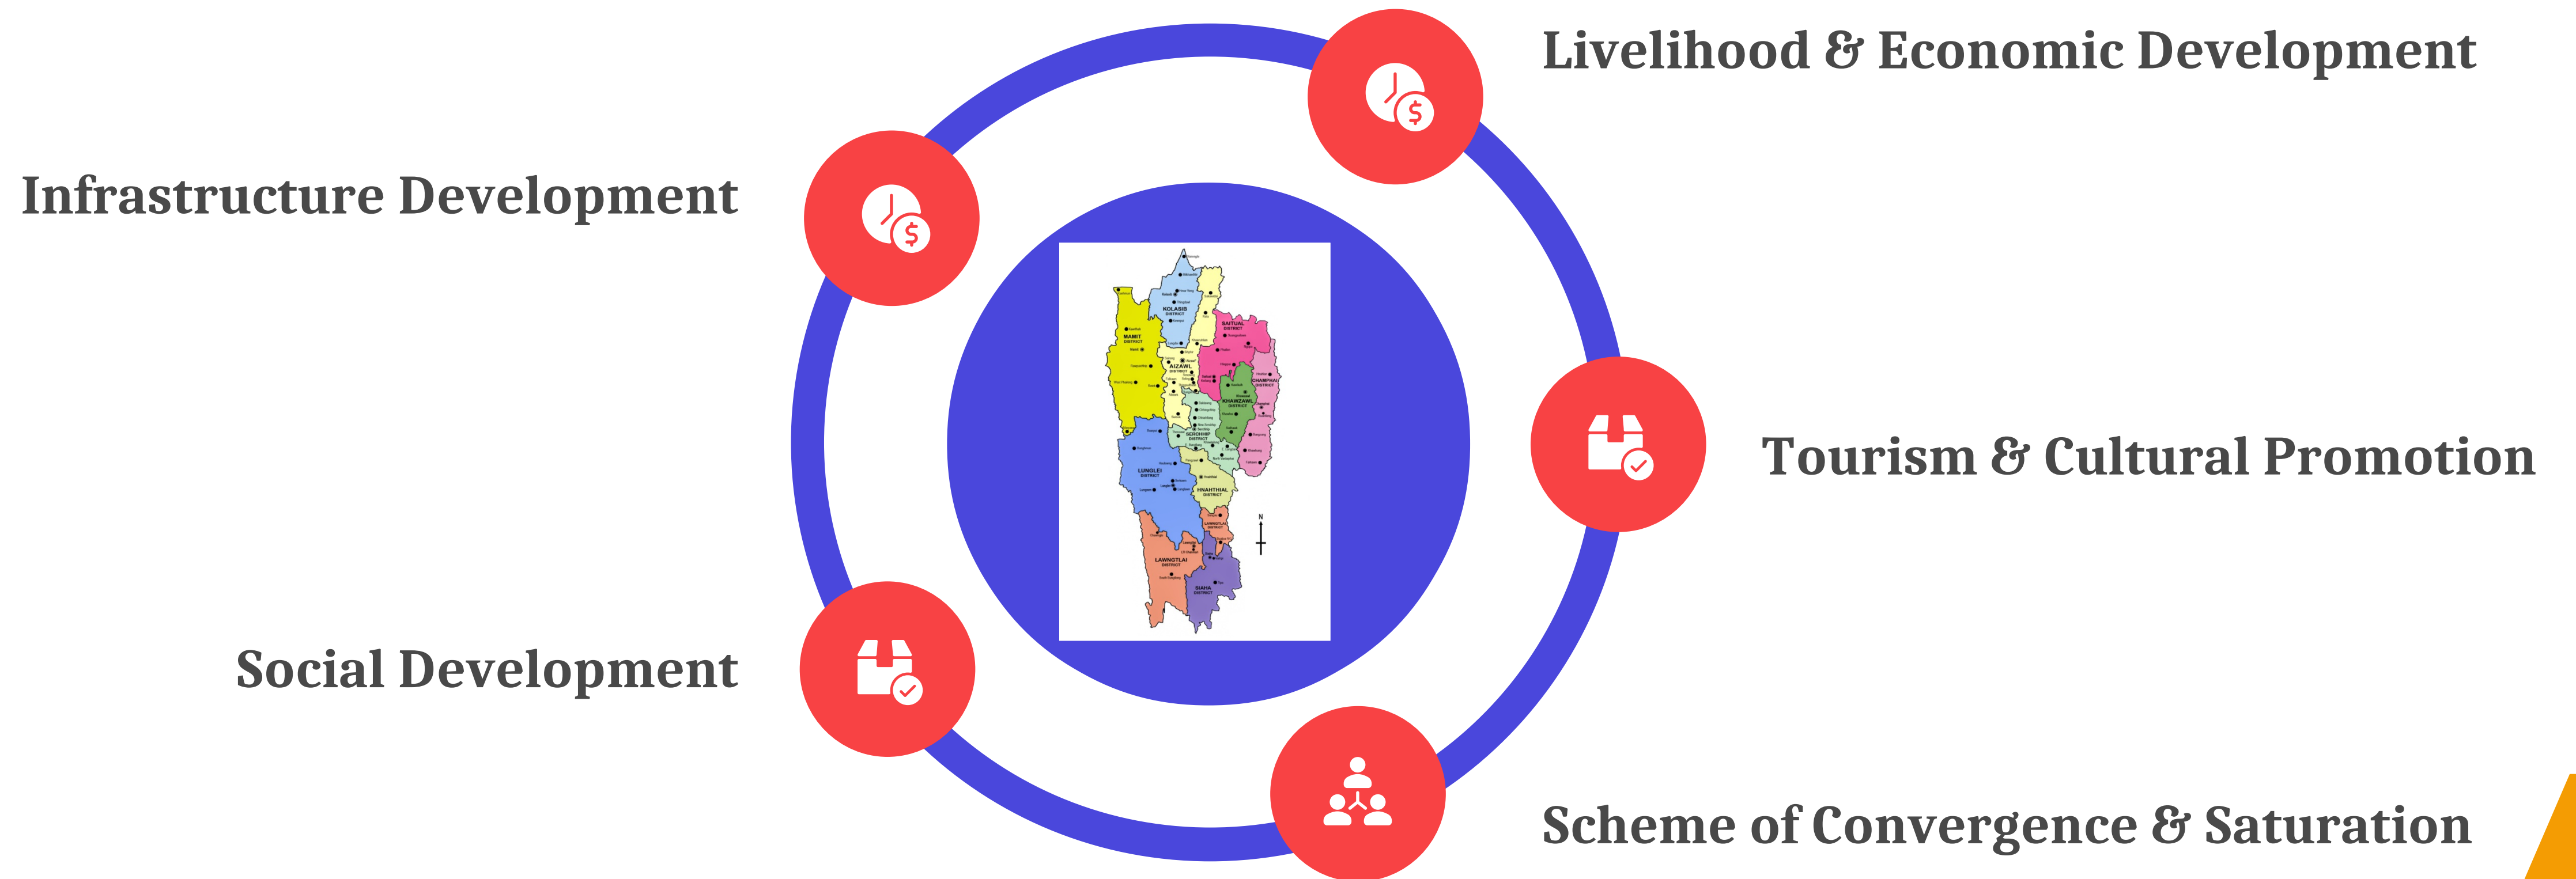

Check out-migration from border areas

Integrate border villages into the national mainstream

Core Components

Infrastructure Development

Focus on saturation of:

All-weather road connectivity

Through PMGSY – IV to boost development, internal security and self reliance

Electricity (on-grid/off-grid solutions)

Access to electricity including renewable energy, integration with RDSS for holistic development

Telecom services (4G/5G where feasible)

4G/5G network coverage supported by Digital Bharat Nidhi Scheme

Television and digital connectivity

Aiming to enhance connectivity and bring information to border villages, ensuring residents have access to media and digital content, promoting inclusive growth.

Livelihood & Economic Activity

Establishing and strengthening cooperatives, Self-Help Groups (SHGs), and Farmer Producer Organisations (FPOs) to manage local resources and create sustainable, high-value products.

Promotion of Self-Help Groups
(SHGs) and cooperatives

Support to border tourism and
eco-tourism

Value-chain development for
local products

Organization of local fairs and
cultural events

Social Development Intervention

Establishment of **SMART classrooms** in schools, enhancement of healthcare facilities and health & wellness centers and Ensuring the availability of human resources such as doctors, paramedics, and teachers.

SMART classrooms and education infrastructure

Health, nutrition, and sanitation facilities

Community infrastructure and social awareness programmes

Celebration of **national and cultural events** to foster integration

Implementation Framework

(VVP-II) centers on **border-specific**, **village-led** development through **Village Action Plans (VAPs)**, ensuring saturation of welfare schemes, infrastructure creation (roads, telecom, electricity), livelihood promotion (tourism, cooperatives, skill development), and cultural preservation, utilizing convergence of existing programs (like PMGSY, PM Gati Shakti) for integrated, sustainable growth in border areas.

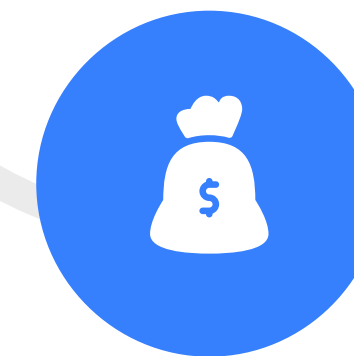

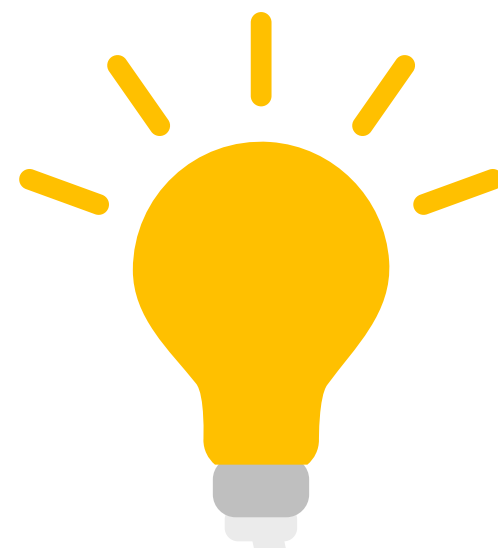

Preparation of **Village Action Plans (VAPs)**

Oversight by a **High-Powered Committee** chaired by the Chief Secretary

Convergence of Central and State schemes

Use of **PM Gati Shakti National Master Plan** for planning and monitoring

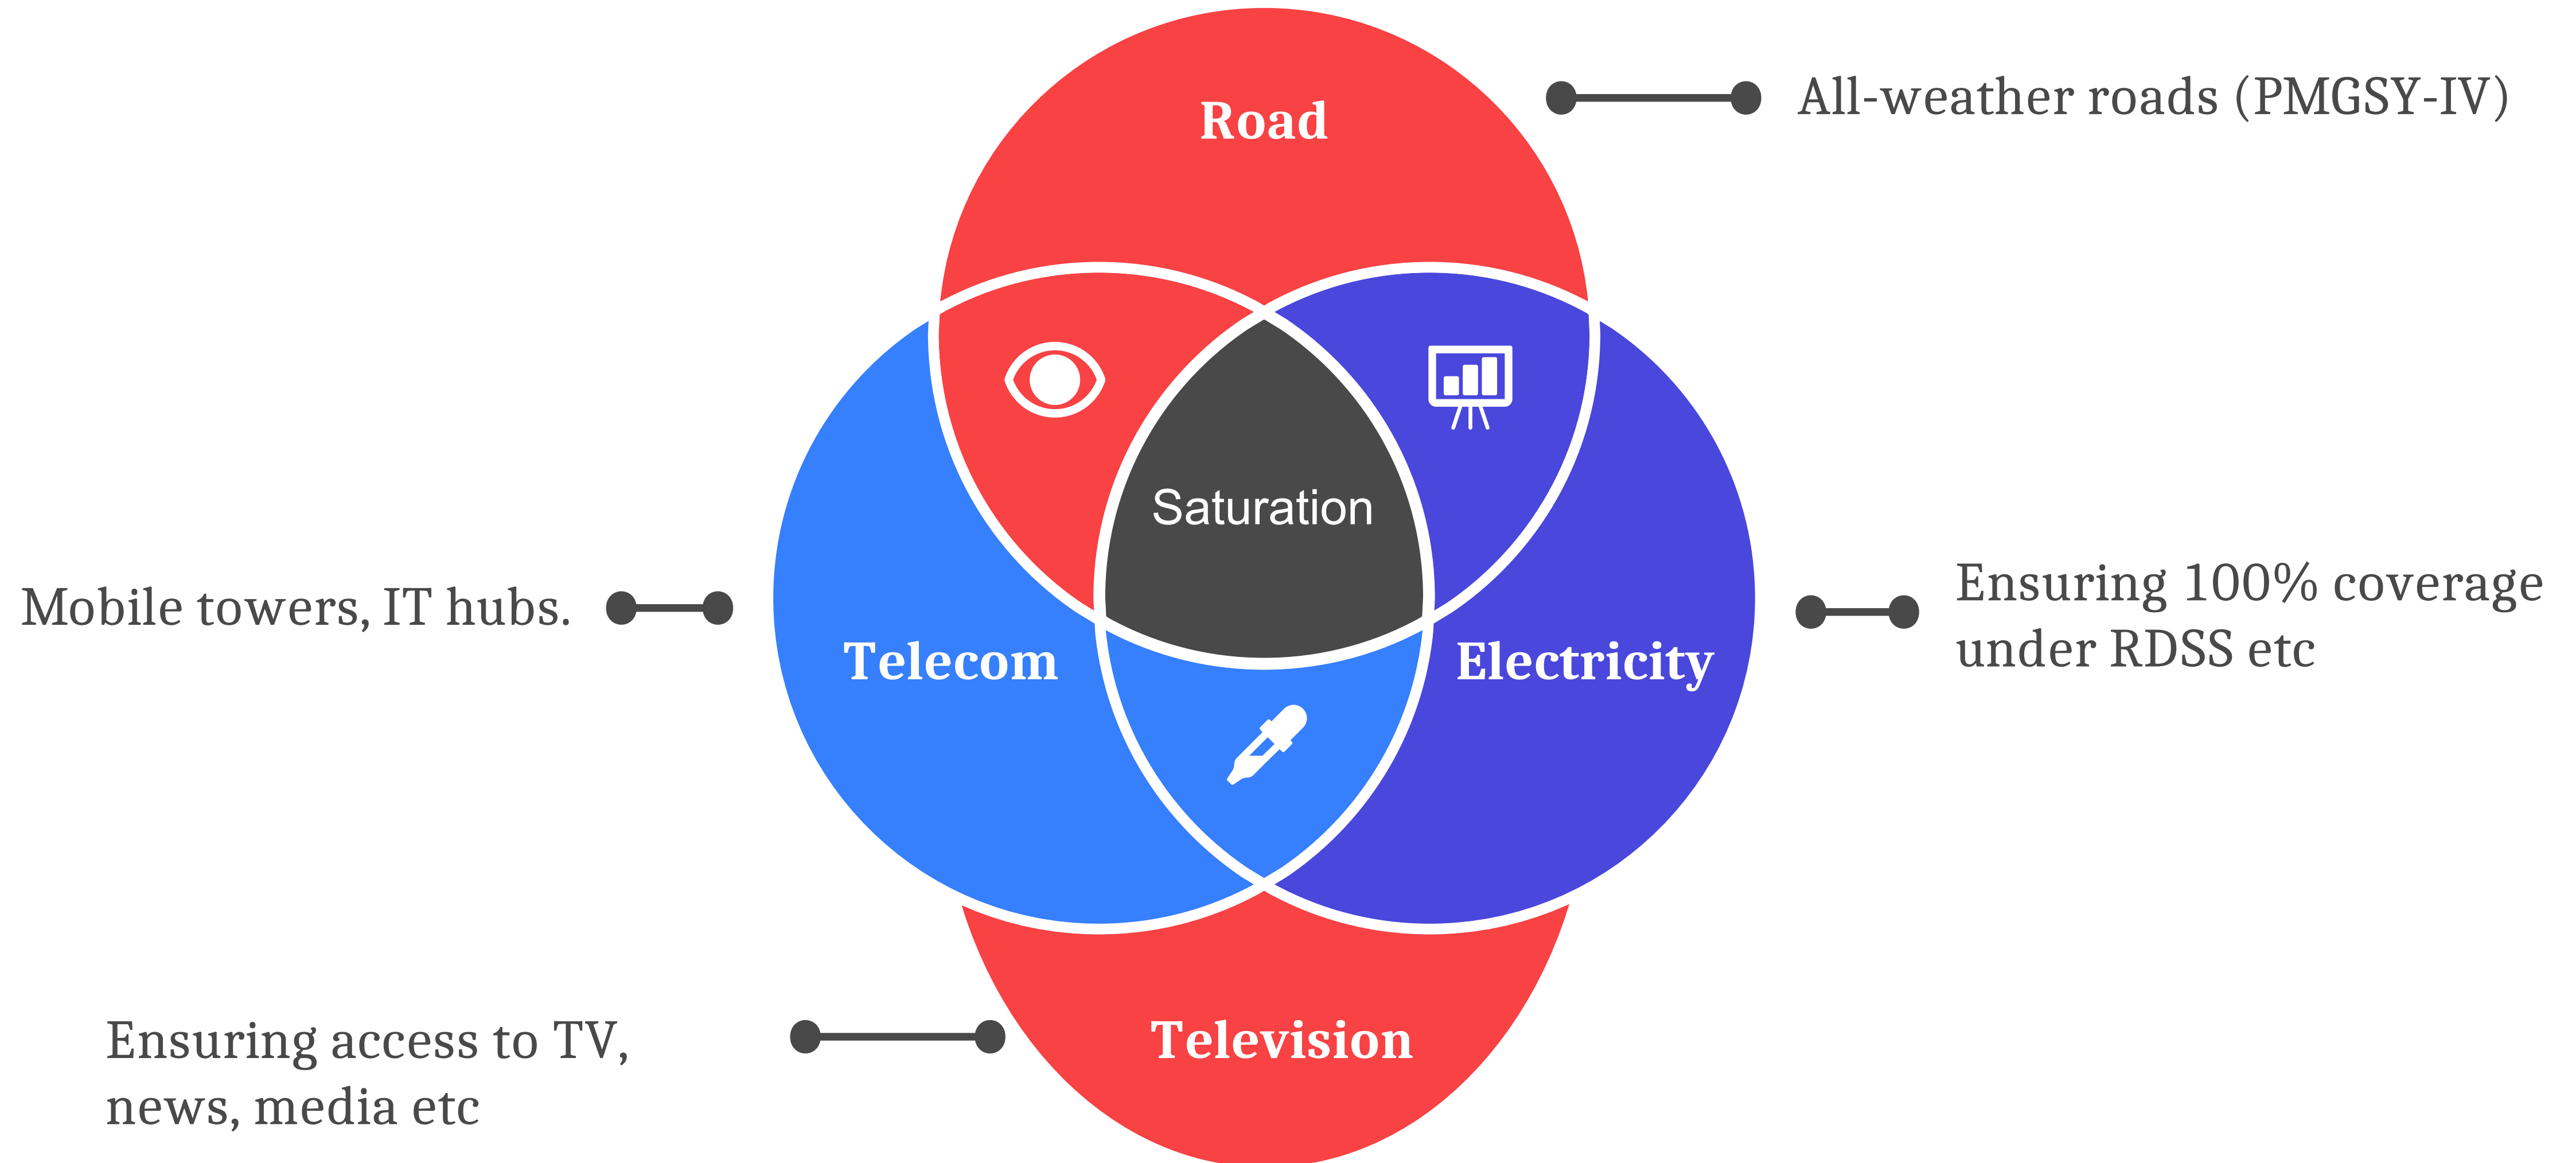

● Final outcome

Convergence Strategy

Saturation of four key thematic areas

Objectives: **Last-mile delivery of services through coordinated planning**

Security & Strategic Significance

The program's security and strategic significance lie in its approach of using infrastructure development as a tool for national security, aiming for "Safe, Secured & Vibrant land borders" as part of the Viksit Bharat@2047 vision.

A primary goal is to integrate local populations into the national security framework

- Fostering a stronger emotional connection
- Providing modern amenities
- Improve quality of life

Saturation level for services

Extent of current services available in the sectors of 4G & TV Connectivity, Power and Elementary School in the 109 identified Vibrant villages

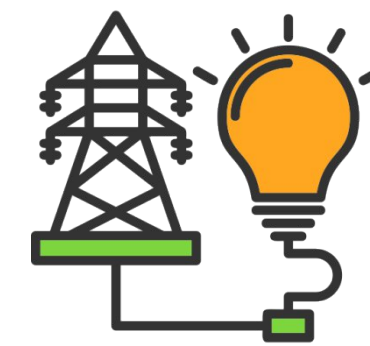

93.58%

Telecom Services

97.25%

Television

96.33%

Power Supply

99.00%

Elementary Education
