

No. M-35011/6/2026-RD&AD
GOVERNMENT OF MIZORAM
RURAL DEVELOPMENT AND ADMINISTRATION DEPARTMENT
MIZORAM:AIZAWL

Aizawl, the 12th October 2026

NOTIFICATION

In pursuance of the decision of the meeting held on 1st October 2026 on the development of Compressed Bio Gas in Mizoram, and to promote sustainable green energy infrastructure under the SASCI Part XII and the GOBARDhan framework, the Government of Mizoram is pleased to notify the institutional framework for convergence among key departments for Fiscal Reforms Measures under SASCI Part XII of 2026-2027. This framework outlines infrastructure development support for the deployment, installation, and operation of bio-gas plants across both rural and urban areas of Mizoram.

To optimize waste-to-wealth conversion and enhance rural livelihoods, the following line departments shall fulfill designated roles to establish a robust bio-gas network:

1. The Mizoram Viksit Bharat - Guarantee for Rozgar and Ajeevika Mission (Gramin) [VB-G RAM G] Schemes 2026 may provide wage employment for development of approach roads wherever necessary, site clearance, digester excavation, and structural construction of rural family-sized and community-level bio-gas plants. Water supply, drainage, sewerage lines and waste management systems may also be done under the VB:GRAMG.

2. Power & Electricity Department: Grid integration and power evacuation and will provide technical coordination for setting up biogas-driven 100% gas engines or dual-fuel systems meant for community illumination or grid feeding.

3. Public Health Engineering Department: Provision of water supply, construction of water harvesting structures and drainage etc; and ensures critical daily feed-water infrastructure is linked to newly constructed bio-gas plants to facilitate consistent anaerobic slurry creation.

4. Urban Development & Poverty Alleviation Department: Arrangement of infrastructure for the segregation and sorting of biodegradable organic waste, kitchen waste, and market refuse in urban and semi-urban areas to feed localized bio-gas reactors.
